

For Immediate Release

EyeC Celebrates Second Consecutive kununu Top Company Award

Hamburg, Germany, January 13, 2025. EyeC GmbH, a leading global provider of automated artwork verification and print image inspection systems, has been honored with the prestigious kununu Top Company Award for the second consecutive year. The Hamburg-based company, which also received the award in 2024, is recognized as one of Germany's top employers.

The kununu Top Company seal is one of the most respected employer distinctions in the German-speaking regions, awarded exclusively based on independent employee reviews. To qualify for this honor, companies must meet specific requirements, including a minimum of seven reviews and an overall rating of at least 3.8 stars. EyeC GmbH has significantly surpassed these criteria, earning an outstanding score of 4.7 stars.

“We are proud to be recognized as one of the kununu Top Companies again in 2025,” says Stefanie Heitmeier, HR Director at EyeC GmbH. “This award validates our efforts at EyeC and acknowledges our commitment to creating a workplace where people feel valued. It allows everyone to reach their full potential and motivates us to continue upholding our corporate values.”

Nina Zimmermann, CEO of kununu, comments: “The kununu Top Company Award 2025 is a powerful message to talented professionals searching for their ideal workplace. Companies like EyeC exemplify how a strong corporate culture leads to long-term success and a positive working environment.”

Only around five percent of companies qualify for the kununu Top Company Award, highlighting its exclusivity and significance. This recognition not only affirms EyeC GmbH's ongoing achievements but also reinforces the Hamburg-based company's commitment to setting high standards in corporate culture and ensuring long-term success.

About EyeC

Founded in 2002, EyeC GmbH provides fast, accurate, and easy-to-use artwork and print inspection systems. EyeC is the only provider on the market that ensures product quality throughout the entire manufacturing process – from the first artwork file to the finished printed product. Products from EyeC provide users with 100% confidence about the print quality of their products, such as labels, folding boxes, package inserts, or flexible packaging. As a result, complaints, and recalls are minimized, production costs lowered, and quality testing optimized. Around the world, more than 3,000 EyeC inspection systems are currently used by pharmaceutical companies, printers, and manufacturers of branded goods. The company currently employs over 70 people in Hamburg and has international sales partners in more than 100 countries. Further information at www.EyeC.com.
